February 16, 1934

Sirs:

Enclosed are copies of the return to be filed by each distiller operating under the Marketing Agreement for the Distilled Spirits Industry approved by the Secretary December 9, 1933, or any special permit under the License. Additional copies of the Return may be obtained upon request.

The Return should be filed in duplicate with the Comptroller of the Agricultural Adjustment Administration, Washington, D.C., on or before the last day of the calendar month immediately following the month in which the commodities, upon which the payments are due, were used by the distiller.

A check in the amount of the payment shown by the Return to be due, should be drawn payable to the Disbursing Clerk, United States Department of Agriculture, and mailed, together with the Return, to the Comptroller, Agricultural Adjustment Administration, Washington, D.C. Complete instructions for making out the Return are annexed thereto, together with examples illustrating the computation of the payments.

The Return for the month of January covers the period from January 1 to January 31, 1934, inclusive, or, in the case of a permittee using molasses, from the effective date of the permit to January 31, 1934, inclusive. Thereafter a return must be filed for each calendar month in which the distiller operates under the Marketing Agreement or any special permit.

In accordance with the average farm prices and the fair exchange values established with respect to the respective cereal grains in Alcoholic Beverages Regulations, Series 1, the parity payments in effect for December 1933 and January-February 1934, are:

Corn	29.5 cents per bushel
Barley	30.8 cents per bushel
Rye	28.8 cents per bushel
Wheat	2.3 cents per bushel
Oats	15.3 cents per bushel

The payment in effect with respect to cane molasses or beet molasses used, under any special permit for the production of Ethyl Alcohol for the manufacture of gin or the rectification of distilled spirits, is determined in accordance with conversion factors established in the Regulations and set forth in the instructions to the Return.

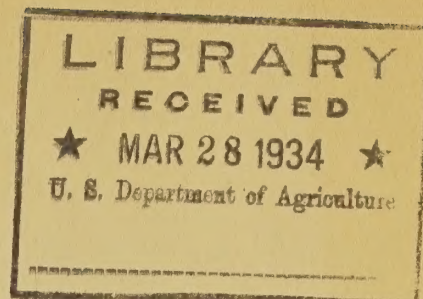

Very truly yours,

Henry A. Wallace

Secretary of Agriculture.

March 22, 1934.

Sirs:

Enclosed are copies of the Return to be filed by each distiller operating under the Marketing Agreement for the Distilled Spirits Industry approved by the Secretary December 9, 1933, or any special permit under the License. Additional copies of the Return may be obtained upon request.

The Return should be filed in duplicate with the Comptroller of the Agricultural Adjustment Administration, Washington, D. C., on or before the last day of the calendar month immediately following the month in which the commodities, upon which the payments are due, were used by the distiller.

A check in the amount of the payment shown by the Return to be due, should be drawn payable to the Disbursing Clerk, United States Department of Agriculture, and mailed, together with the Return, to the Comptroller, Agricultural Adjustment Administration, Washington, D. C.

The Return for the month of February covers the period from February 1 to February 28, 1934, inclusive. A Return must be filed for each calendar month in which the distiller operates under the Marketing Agreement or any special permit.

In accordance with the average farm prices and the fair exchange values established with respect to the respective cereal grains in Alcoholic Beverages Regulations, Series 1, the parity payments in effect for February, 1934, are:

Corn	29.5 cents per bushel
Barley	30.8 cents per bushel
Rye	28.8 cents per bushel
Wheat	2.3 cents per bushel
Oats	15.3 cents per bushel

The payment in effect with respect to cane molasses or beet molasses used, under any special permit for the production of Ethyl Alcohol for the manufacture of gin or the rectification of distilled spirits, is determined in accordance with conversion factors established in the Regulations.

Very truly yours,

Henry A. Wallace

Secretary of Agriculture.
